TOOLS FOR PROFESSIONALS

CATALOG

Sole importer of FELCO, TINA and ISTOR products in USA and Canada

In a world of standardization, driven by short-term goals, PYGAR has chosen to maintain the tradition to offer the highest standards of excellence, durability and sustainability in the products it sells; there never will be a compromise.

FELCO, MESTO, TINA and ISTOR are known worldwide as unsurpassed leaders in the manufacture of pruning, cutting, spraying and sharpening tools; made to last and give satisfaction for many years of intensive use.

Made in Switzerland and Germany, these tools are designed with the professional in mind and produced with state-of-the-art technology, decades of know-how and the tradition of quality workmanship.

FELCO, MESTO, TINA and ISTOR are multi-generation family owned manufacturers continuously striving for excellence to serve the most demanding professionals. We will make sure that your experience with PYGAR will commit to the absolute best quality products the industry has to offer.

ALPEN, the Swiss-born brand of premium pruning tools and accessories. Crafted for nature enthusiasts and professionals, ALPEN's robust, ergonomic, and durable tools are rigorously tested to ensure reliability. Partnering with FELCO, our shared commitment to quality, sustainability, and nature brings you the finest tools for gardening and outdoor work. Rediscover the joy of working in nature with ALPEN and FELCO.

Distributor of SILKY and VICTORINOX products

When PYGAR's core brands are in need of a complement we provide two additional brands to complete the portfolio.

SILKY saws are manufactured in Ono, Japan, home of fine cutlery steel. Crafting fine wood cutting saws since the early 1900s, SILKY continues to raise the bar for quality, endurance and cutting efficiency that few can match. Leading the industry in both design and innovation, saw users are changing their language in all parts of the world from merely asking for a saw, to asking for a SILKY.

When SILKY was no longer able to supply pole saws to the North American market we had to find an option. SILKY recommended NOTCH pole products as an alternative. These poles are built in collaboration with SILKY and use SILKY blades. We have tested the durability, feel and quality of the product locally. It is a suitable replacement for anyone looking for a high quality pole saw.

Victorinox is an iconic Swiss brand founded in 1884. Like the FELCO brand, it's synonymous with Swiss manufacturing. FELCO has had a long-term partnership with Victorinox in the production and cobranding of its grafting and horticultural knife products. PYGAR being heavily involved in the garden and outdoor business has supplemented this line from FELCO with a selection of Victorinox products that perfectly suit the needs of nurseries and garden centers.

PERSONAL PROTECTIVE EQUIPMENT

Strong, effective and easy to use

FELCO 701

Lightweight and comfortable, these gloves made of knitted HPPE fiber guarantee high resistance to cutting. The fingers and palm are coated with nitrile rubber to provide excellent grip and greater strength. Ideal for precise pruning work by winegrowers, landscape gardeners, fruit growers or nurserymen.
Available in sizes S | M | L | XL

F701

FELCO 702

Developed to protect the hands during intensive work, these gloves are made from reinforced leather (palm and fingers) and PVC sections to provide better grip. The lined back is made of Spandex, a stretchy and breathable material. Ideal for pruning in vineyards, landscaping or fruit growing.
Available in sizes S | M | L | XL

F702

F703

FELCO 703

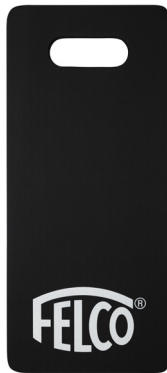

Made of high quality, puncture-resistant leather, these gloves are ideal for heavy work, pruning in horticulture, gardening, and fruit growing. Their elegant design is suitable for all seasons.
Available in sizes S | M | L | XL

F704

FELCO 704 NEW

These high cut resistant gloves have been developed to prevent risks of light cuts. The soft and durable synthetic leather palm provides an excellent grip while the top of the fingers is protected by a mesh lined with high cut resistant fibers.

F712

FELCO 705 NEW

These rose gloves are made from premium top-grain cow leather. The gauntlet cuff, made from genuine cow leather suede offers forearm protection from thorns. The cuff is equipped with a nylon strap and a buckle so it remains perfectly in place during work sessions.

F705

FELCO 711 NEW

High quality and comfortable, these knee pads have slip-resistant ultra-durable nylon-rubber soft cap to allow for pruning activities under all weather conditions. There are two straps for better fit and easy walking, and a gel foam which offers lightweight cushion for all-day comfort.

F711

FELCO 712 NEW

Water and petroleum resistant, this high-density NBR foam rubber kneeling pad will not compress over time and will provide comfort in all purposes. Texture on top and bottom grips to the floor to prevent knees sliding. The lightweight and built-in handle design is for convenient transport and storage.

Weight: 450 gr/16 oz

T900

T940
Fine grain sharpening stone
One side flat, one side curved
(NOT PICTURED)

MESTO SPRAYERS

MESTO sprayers are equipped with one of three seal types. Each is designed for the resistance of different chemical types.

***NBR** The most basic synthetic rubber seal, this seal type is best for household chemicals, and including Glyphosate, isopropyl alcohol and diesel fuel.

***EPDM** This robust seal type will handle most chemicals and offer improved resistance to acetone-based solutions, most alcohols and ammonia.

***FPM** The MESTO equivalent of a Viton seal, this robust seal type can handle most chemicals and offer improved resistance to harsh solvents such as Xylene, Toluene, Naptha and d-Limonene.

3132GR
Pressure sprayer for home and garden
Filling content: 1.5 L (0.4 gal)
Max operating pressure: 44 PSI
Weight: 0.92 lb
Nozzle: Adjustable
